DEPARTMENT OF FINANCE AND ADMINISTRATION
Criminal Background Check Policy

I. POLICY.

1. It is incumbent on the Department of Finance and Administration ("the Department") to ensure that all department employees are qualified and exhibit the highest degree of honesty and trustworthiness, and that all employees in "covered positions" and "sensitive positions" undergo a criminal background check: either a name based background check, a fingerprint background check, or a local background check as provided herein.

2. "Covered Positions" are positions within the Department that are defined in Tenn. Code Ann. § 8-50-112.

    a. Tenn. Code Ann. § 4-3-5503(b) requires Federal Fingerprint Background Checks for certain employees of the Strategic Technology Solutions Division ("STS") who access the Criminal Justice Information System (CJIS), and are therefore "CJIS covered positions" under Tenn. Code Ann. § 8-50-112. A list of all "CJIS covered positions" within the Department is provided in Exhibit A to this Policy.

    b. IRS Publication1075 and Tenn. Code Ann. § 4-3-105 require Federal Fingerprint Background Checks and Local Background Checks for employees of the Department who access or use federal tax information (FTI), and are therefore "FTI covered positions" under Tenn. Code Ann. § 8-50-112. A list of all "FTI covered positions" within the Department is provided in Exhibit B to this Policy.

    c.. IRS Publication 1075 and Tenn. Code Ann. § 4-3-105 extend the Federal Fingerprint Background Check and Local Background Check requirements to contractors, including subcontractors, of the State that access or use FTI.

3. Situations arise when employees in STS positions which are not officially designated to be "CJIS covered positions" as defined by Tenn. Code Ann. § 8-50-112 may be required to undergo Federal Fingerprint Background Checks pursuant to Tenn. Code Ann. § 4-3-5503(b) because of a job assignment involving "elevated access" to protected information. In these instances, the "elevated access" is not related to the transfer, hire, or promotion of an employee into a "CJIS covered position."   If a fingerprint background check is required for "elevated access" job assignments rather

than promotions, transfers or hires, the Department shall follow the procedure provided in Section II (A)(3)(a), (b), (c),and (d) of this Policy.

4. In addition to the covered positions listed above, all applicants and employees of the Office of Inspector General (OIG), a division of the Department, shall submit to fingerprint background checks as required by, and in the manner proscribed by, the Inspector General pursuant to the authority provided by 28 CFR § 20.33 (a)(1). Upon receipt of the fingerprint background check results, the Inspector General or his designee shall forward the results to the HRO for analysis pursuant to Tenn. Code Ann. §§ 8-50-112 (c) and 38-8-106 in a manner consistent with this policy.

5. "Sensitive Positions" are positions within the Department that involve or have potential to involve access to sensitive information, including data from other agencies, or have use of state or personal vehicles or valuable state property in the course of their job duties. Although these positions may not be required to undergo background checks as a matter of federal or state law and are not therefore "covered positions," the Department has determined that background checks are necessary for these positions in order to protect the integrity and confidentiality of the sensitive information to which the position has access, to protect valuable state property, money or fiscal data, and to protect the safety of the general public. A list of all "sensitive positions" within the Department is provided in Exhibit C to this Policy.

6. "Fingerprint Background Check" is a check of federal and state criminal records conducted by the Federal Bureau of Investigation ("FBI") through an agreement with the Tennessee Bureau of Investigation ("TBI"), when authorized by federal and state law.

7. "Name Based Background Check" is a check of Tennessee criminal records conducted by the TBI.

8. "Local Background Check" is a background check of local law enforcement agencies where the subject has lived, worked, and/or attended school within the five (5) years prior to the date of the background check, and if applicable, the appropriate agency for any identified arrest, to be conducted by the Human Resource Office ("HRO") Director or designee.

9. When the Department announces openings for any covered position which requires a criminal background check by operation of state or federal law, the announcement shall state as follows**:**

> "This position requires a criminal background check. Therefore, you
> may be required to provide information about your criminal history in
> order to be considered for this position."

10. When the Department announces openings for any position which is not a covered position, the employer shall not inquire about an applicant's criminal history on the initial application form, but may inquire only after the initial screening of applications.

11. The Divisional hiring manager is responsible for completing all required steps in the hiring process for appointments, re-hires, and any type of transfer to or within his or her Division of the Department. As part of that process, the Divisional hiring manager will send notification to the HRO of each final candidate for hire, promotion, or transfer (whether from outside state government, within the Department, or via transfer from another department or agency). This notification will be provided BEFORE the applicant has been hired, promoted, or transferred to the new position.

12. The HRO Director will determine whether the position is a covered or sensitive position requiring a criminal background check before the final hiring decision is made. If a criminal background check is necessary, the Divisional Hiring Manager will be notified and no candidate shall be permitted to begin work in the new position until the completion of the background check process. If no criminal background check is necessary, the Divisional Hiring Manager shall be promptly notified.

13. If a criminal background check is required, the HRO Director or designee will determine the type of check to be conducted and contact the Tennessee Bureau of Investigation (TBI) or other appropriate entity to request the criminal background check in accordance with this policy.

14. After receipt of the background check results, the HRO will coordinate appropriate next steps in accordance with this policy.

15. The Department must preserve all background check results for five (5) years after the records were generated or after a personnel action was taken, whichever is later, regardless of whether the applicant was hired by the Department or the contractor was placed into the Department. If an applicant, contractor or employee files a charge of discrimination, the Department must maintain the records until the case is concluded or five (5) years, whichever is later. Background check result documentation shall not be maintained as part of an employee's personnel file but in a confidential separate "background check file" maintained in accordance with established Department retention procedures.

16. Except as otherwise required or expressly permitted by state or federal law, a criminal history obtained by the Department shall be confidential and shall not be disclosed unless required by federal or state law. Any unauthorized disclosure (Intentional or unintentional) shall be reported to the HRO immediately. Persons who release or use this information without proper authorization may be subject to disciplinary action. Disclosures that violate criminal laws may also be referred to prosecuting authorities.

17. After all record-retention requirements are satisfied, the Department must dispose of any background check records in a secure manner which meets industry standards for the destruction of confidential and/or sensitive information.

II. PROCEDURES.

A. Background Checks For Covered Employees Pursuant to Tenn. Code Ann. § 4-3-5503(b) (CJIS) (Federal Fingerprint Background Checks

1. A list of all covered positions in the Department arising from the Federal Fingerprint Background Check requirements of Tenn. Code Ann. § 4-3-5503(b) (CJIS)is provided as Exhibit A to this Policy.

2. A Federal Fingerprint Background Check shall be conducted in accordance with federal and state law when filling covered CJIS positions (both career and executive service) including appointments, rehires, and any type of transfer into a designated covered position, as provided on Exhibit A. For purposes of this policy, a "transfer" includes a promotion within the Department, lateral transfers within the Department, and from other state departments (whether voluntary or involuntary). The HRO shall provide prior notice to all employees required to undergo a fingerprint background check pursuant to this Section.

3. Current Employees holding covered CJIS positions as of July 1, 2014 forward shall submit to a Federal Fingerprint Background Check in a manner and with the time period directed by the Department and the Tennessee Bureau of Investigation. Employees in covered CJIS positions who do not comply with the directive to participate in the Federal Fingerprint Background Check will be subject to disciplinary action.

   a. The TBI will provide a copy of the background check report to the HRO Director, along with notification of the TBI's determination of whether the results of the background check permits the employee to access the criminal justice information systems under TBI's jurisdiction ("CJIS"), or renders the employee unable to access the criminal justice information systems under TBI's jurisdiction ("CJIS").

   b. If the TBI makes a final determination that the employee will not be provided access to information under TBI's jurisdiction, HRO shall provide a copy of that determination to the employee either by email, fax, or mail, a statement of privacy rights, and the basis of the determination. Within five working days, the employee must respond and (1) verify that the information is correct; (2) dispute the information and request a reinvestigation; or (3) withdraw from consideration for the position.

   c. Upon receipt of the candidate's response or the candidate's failure to respond, the HRO shall inform the Deputy Commissioner or his/her designee(s), the Division Head, and any other appropriate management.

   d. The Deputy Commissioner or his/her designee will review the information, including relevant documents, and recommend a course of action deemed appropriate under the circumstances for final approval by the Appointing Authority. Any change in employment status shall be subject to the requirements of Tennessee Code Annotated Title 8, Chapter 30 and the regulations and policies of the Tennessee Department of Human Resources

4. New applicants for covered CJIS positions, transfers and promotions to CJIS covered positions (internal Department transfers/promotions as well as transfers/promotions from other state departments) shall submit to a Federal Fingerprint Background Check in a manner directed by the Department and the Tennessee Bureau of Investigation.

    a. After interviews are conducted and employment history and education history is collected, the hiring manager shall check the applicants' references and citizenship via e-Verify. The Divisional Hiring Manager will make a recommendation regarding a proposed final candidate.

    b. The hiring manager shall contact the final candidate and extend a tentative job offer contingent upon a satisfactory name-based criminal background check, verification of references, citizenship, education, and employment history, and pending approval by the Tennessee Department of Human Resources.

    c. If the candidate accepts the tentative offer, or agrees to proceed with the transfer or promotion, and must submit to a federal fingerprint background check, the hiring manager shall obtain all necessary identifying information required for a federal fingerprint criminal background check through the Tennessee Bureau of Investigation, but information on race, gender, and date of birth cannot be obtained from applicants until a tentative conditional job offer has been extended.

    d. The hiring manager may provide the candidate with the opportunity to self-report any criminal history at this time. If the final candidate refuses to provide the required information or indicates unwillingness to proceed with the background check and verification process, the hiring manager shall withdraw the tentative offer.

    e. The STS HRO liaison will submit a request to the TBI to conduct the Federal Fingerprint Background Check, and notify HRO.

    f. Background check results for new candidates for covered positions shall be evaluated according to the procedure outlined in Section II, A(3)(a), (b), (c), and (d) above.

B. <u>Background Checks For Covered Employees and Department Contractors Pursuant to IRS Publication 1075 and Tenn. Code Ann. § 4-3-105(FTI) (Federal Fingerprint Background Checks and Local Checks)</u>

1. A list of all covered positions in the Department arising from the Federal Fingerprint Background Check requirements of IRS Publication 1075 and Tenn. Code Ann. § 4-3-105 (FTI) is provided as Exhibit B to this Policy. Any employee placed into one of the positions listed on Exhibit B must comply with the Federal and Local Fingerprint Background Check requirements for FTI access. The HRO shall provide prior notice to any person required to undergo a fingerprint background check pursuant to this Section.

2. The Department shall conduct a Federal Fingerprint Background Check and a Local Background Check, in accordance with federal and state law, when filling covered FTI positions with state employees (both career and executive service) including appointments rehires, and any type of transfer into a designated covered position as provided on Exhibit B. For purposes of this policy, a "transfer" includes a promotion within the Department, and lateral transfers within the Department and from other state departments whether voluntary or involuntary.

3. The Department shall conduct a Federal Fingerprint Background Check and a Local Background Check on contractors, in accordance with federal and state law, when the contractor will access or use FTI in performing the duties as specified in the contract.

4. Department employees and contractors must have Federal Fingerprint Background Checks and Local Background Checks prior to gaining access to FTI, and at intervals of at least every ten (10) years thereafter.

5. <u>Current state employees and contractors holding covered FTI positions as of September 30, 2017</u> shall submit to a Federal Fingerprint Background Check and a Local Background Check in a manner directed by the Department and the Tennessee Bureau of Investigation before accessing FTI. Employees/contractors who do not comply with the directive to participate in the required background checks will be subject to disciplinary action up to and including termination or removal.

   a. The TBI or its designee will provide a copy of the Federal Fingerprint Background Check report of all current state employees and contractors to the HRO Director. The HRO Director or designee will review the report to determine whether the employee/contractor will be provided access to FTI. The person will not be eligible for access to FTI within the Department or by contract if the required background checks reveal any felony conviction involving a crime of dishonesty or fraud, including but not limited to the following:

   (a) Theft,
   (b) Money laundering;
   (c) Tax evasion;
   (d) Identity theft;
   (e) Counterfeiting;
   (f) Bribery;
   (g) Embezzlement;
   (h) Forgery;
   (i) Receiving stolen property;
   (j) Robbery; or
   (k) A single misdemeanor conviction of a crime equivalent to any crime listed above within the past 5 years; or
   (l)   More than one misdemeanor conviction of a crime equivalent to any crime listed above within the past 10 years.

b. If the TBI report or Local Background check reveals a current state employee with a conviction for the crimes listed above, the HRO Director shall generate a letter to the employee, either by email, fax, or mail, advising that he/she may no longer access or use FTI, including a statement of privacy rights, and the basis of the determination. Within five working days the employee must respond and (1) verify that the information is correct; (2) dispute the information and request a reinvestigation; or (3) withdraw from any position accessing or using FTI.

c. Upon receipt of the employee's response or the employee's failure to respond, the HRO shall inform the Deputy Commissioner or his/her designee(s), the Division Head, and any other appropriate management.

d. The Deputy Commissioner or his/her designee will review the information, including relevant documents, and recommend a course of action deemed appropriate under the circumstances for final approval by the Appointing Authority. Any change in employment status shall be subject to the requirements of Tennessee Code Annotated Title 8, Chapter 30 and the regulations and policies of the Tennessee Department of Human Resources.

e. If the TBI report or Local Background check reveals a current contractor with a conviction for the crimes listed in Section II (B)(5)(A) above, the HRO Director shall generate a letter to the contractor's employer either by email, fax, or mail, advising that he/she may no longer access or use FTI, and the contractor shall not be allowed to access FTI.

6. New applicants for FTI covered positions, transfers and promotions to FTI covered positions (internal Department transfers/promotions as well as transfers/promotions from other state departments) shall submit to a Federal Fingerprint Background Check and Local Background Check in a manner directed by the Department and the Tennessee Bureau of Investigation before accessing FTI. If a new applicant does not consent to the required background investigation and will require access to FTI in order to complete his/her job duties, the applicant may be deemed ineligible for employment with the Department.

a. After interviews are conducted and employment history, references, and education history is collected (or upon transfer and promotion), the applicant/transferee's citizenship shall be confirmed by the HRO via e-Verify. The Divisional Hiring Manager will make a recommendation regarding a proposed final candidate.

b. The hiring manager shall contact the final candidate and extend a tentative job offer contingent upon a satisfactory criminal background checks, verification of references, citizenship, education, and employment history, and pending approval by the Tennessee Department of Human Resources.

c. If the candidate accepts the tentative offer, or agrees to proceed with the transfer or promotion, and must access or use FTI in the position, the hiring manager shall

obtain all necessary identifying information required for a federal fingerprint criminal background check through the Tennessee Bureau of Investigation, but information on race, gender, and date of birth cannot be obtained from applicants until a tentative conditional job offer has been extended.

    d. The hiring manager may provide the candidate with the opportunity to self-report any criminal history at this time. If the final candidate refuses to provide the required information or indicates unwillingness to proceed with the background check and verification process, the hiring manager shall withdraw the tentative offer.

    e. The HRO will submit a request to the TBI to conduct the Federal Fingerprint Background Check, and will conduct the Local Background Check.

    f.   Background check results for new candidates for FTI covered positions shall be evaluated according to the procedure outlined in Section II, B(5)(a)(b)(c) and (d) above.

7. <u>New Contractors</u> which require access or use of FTI shall submit to a Federal Fingerprint Background Check and Local Background Check in a manner directed by the Department and the Tennessee Bureau of Investigation before accessing FTI. If a new applicant does not consent to the required background investigation and will require access to FTI in order to complete his/her job duties, the applicant may be deemed ineligible for a contract relationship with the Department. . If the TBI report or Local Background check reveals a proposed new contract employee with a conviction for the crimes listed in Section II (B)(5)(A) above, the HRO Director shall generate a letter to the contractor's employer either by email, fax, or mail, advising that he/she may no longer access or use FTI, and is ineligible for placement into this position with the Department.

C. <u>Background Check Procedures for Sensitive Positions</u>

1. For New Hires and Transfers into Sensitive Positions (Transfers from within the Department or from other State Departments, including promotions, voluntary demotions, and voluntary or involuntary lateral transfers):

    a. A name-based criminal background check shall be conducted for employees hired to fill sensitive positions (both preferred and executive service), including appointments, re-hires, and any type of transfer into a designated sensitive position as provided herein, with the exception of employees hired into OIG who will submit to background checks as provided in Section I (4) above. For purposes of this policy, a "transfer" includes a promotion within the Department, lateral transfers within the Department and from other state departments (whether voluntary or involuntary). However, no name-based criminal background check shall be required for current state employee candidates who have undergone a name-based background check in their current position within twenty-four months prior to transferring to the Department, provided that the candidate can provide the Department with documentation of the background check results.

b.
After interviews are conducted and employment history, references, and education history is collected (or upon transfer and promotion), the applicant/transferee's citizenship shall be confirmed by the HRO via e-Verify. The Divisional Hiring Manager will make a recommendation regarding a proposed final candidate.

c. The hiring manager shall contact the final candidate and extend a tentative job offer contingent upon a satisfactory name-based criminal background check, verification of references, citizenship, education, and employment history, and pending approval by the Tennessee Department of Human Resources.

d. If no interview process is initiated in connection with a transfer or promotion, the HRO will inform the impacted employee that before the change in position can be processed, a satisfactory name-based criminal background check must be completed, and the Director or designee of HRO will submit to the TBI a request to conduct the background check. Alternatively, the candidate may provide the HRO documentation of a satisfactory background check conducted by a state department within twenty-four months of the transfer or promotion.

e. If the candidate accepts the tentative offer, or agrees to proceed with the transfer or promotion, and must submit to a name-based background check, the hiring manager shall obtain all necessary identifying information from the candidate required for a name-based criminal background check through the Tennessee Bureau of Investigation, but information on race, gender, and date of birth cannot be obtained from applicants until a tentative conditional job offer has been extended.

f.   The hiring manager may provide the candidate with the opportunity to self-report any criminal history at this time. If the final candidate refuses to provide the required information or indicates unwillingness to proceed with the background check and verification process, the hiring manager shall withdraw the tentative offer.

2. Background Check Results for candidates for sensitive positions shall be evaluated according to the following procedure:

a. After the results from the name-based criminal background check are returned, they will be reviewed by the Department's Human Resources Director and/or its Human Resources Manager.

b. If the background check reveals no criminal history involving convictions of felonies, misdemeanors involving dishonesty or violence, persistent substance abuse, or other matters which appear to negatively impact an individual's ability to perform the position in a capable and trustworthy manner, the HRO will advise the hiring manager and the process for the transfer or new hire shall move forward.

c. If the background check reveals criminal history involving convictions of felonies, misdemeanors involving dishonesty or violence, or persistent substance abuse or other

matters which would negatively impact an individual's ability to perform the position in a capable and trustworthy manner, the HRO shall provide a copy of the report to the applicant either by email, fax, or mail. Within five working days the applicant must respond and (1) verify that the information is correct; (2) dispute the information and request a reinvestigation; (3) provide explanation and/or documentation about the conviction and the applicant's current circumstances to aid in evaluating the background check; or (4) withdraw from consideration for the position.

d. In the case of relevant discovered records, the HRO shall inform the Deputy Commissioner or his/her designee(s), the Division Head, and any other appropriate management involved in the hiring process. The Deputy Commissioner or designee(s) will review all relevant documentation, including any explanation provided by the applicant, in light of the following considerations:

- The specific duties and responsibilities of the position;
- The bearing, if any, that an applicant's criminal history may have on the applicant's fitness or ability to perform the duties required by the position;
- The amount of time that has elapsed since the applicant's conviction or release;
- The age of the applicant at the time of the commission of each offense;
- The frequency and seriousness of each offense;
- The potential for harm to the Department and its customers if the same offense(s) were to recur;
- Any information produced by the applicant regarding the applicant's rehabilitation and good conduct since the occurrence of an offense;
- Any public policy considerations with respect to the benefits of employment for applicants with criminal histories; and
- Any other factors determined to be relevant by the Department.

e. A course of action deemed appropriate under the circumstances will then be recommended for final approval by the Appointing Authority. Any change in employment status shall be subject to the requirements of Tennessee Code Annotated Title 8, Chapter 30 and the regulations and policies of the Tennessee Department of Human Resources.
